OMSENDSKRYWE AAN LEDE

insake

NUWE HOOFKANTOORGEBOU

Na deeglike oorweging en met insette van kundiges uit die boubedryf is besluit dat die perseel waarop die huidige hoofkantoor geleë is die mees geskikte opsie is vir die oprigting van die nuwe hoofkantoor. Hierdie besluit word ondersteun deur die feit dat die perseel teen 'n billike prys verkry kon word en dat genoegsame spasie beskikbaar is vir toekomstige uitbreidings soos dit benodig sal word. Daar is ook voorsiening gemaak in die huidige jaar se begroting vir die uitbreidings.

Bouplanne is met die insette van 'n professionele tekenaar, argitek asook 'n meganiese- en elektriese ingenieur opgetrek. Die bouprojek is op tender uitgesit en 'n bestekopnemer is gebruik vir die opstel en beoordeling van die tenders.

Die nodige tenders is goedgekeur en daar sal teen begin Augustus 2017 begin word met die bouwerk aan die nuwe hoofgebou wat uit twee fases, naamlik die oprigting van 'n nuwe vleuel en die opgradering van die bestaande gebou, sal bestaan.

Na voltooiing sal die nuwe hoofkantoor die personeel in staat stel om vanuit 'n goed toegeruste en sentrale gebou 'n steeds beter diens aan ons lede te kan bied.

Vriendelike groete

CIRCULAR TO ALL MEMBERS

about

NEW HEAD OFFICE BUILDING

After careful consideration and with inputs from experts in the building sector, it was decided that the property on which the current head office is situated is the best option for the establishment of the new head office. This decision is supported by the fact that the property could be acquired at a reasonable price and that enough space is available for further extensions as needed. Budgetary provision was also made for the building in the current financial year.

Building plans were drawn up with the inputs from a professional draftsman, architects as well as a mechanical and electrical engineer. The building project was put out on tender and a quantity surveyor was used for the drafting and evaluation of the tenders.

The necessary tenders were approved and the building of the new head office will commence early August 2017. The building will take place in two phases namely the erection of a new wing as well as the upgrading of the current building.

After completion, the new head office will enable personnel to offer an even better service to our members from a well-equipped and central building.

Your faithfully

JC VERMAAK
